# about P.O.P.S.I.C.L.E. CENTER®

P.O.P.S.I.C.L.E. Center® – Parent Organized Partnerships Supporting Infants and Children Learning to Eat – is a registered 501(c)(3) nonprofit organization dedicated to providing educational tools and resources that serve the needs of children with feeding difficulties, their families and the professionals who work with them. Founded in 2006 by four mothers whose babies experienced feeding challenges, the organization strives to create dynamic partnerships between the child, parents, healthcare professionals and the community.

## Our Mission

Our mission is to provide educational tools and resources that serve the needs of infants and children with feeding difficulties, their families and the professionals who care for them.

## What are Pediatric Feeding Disturbances?

Did you know that eating is not instinctual after the first few weeks of a baby's life? Over 15,000 families in Arizona have infants and young children who struggle with severe and complex feeding issues where every bite involves or is paired with pain, choking, coughing, gagging, retching and vomiting. Eating is a vital function for survival and when children are unable to eat they cannot thrive cognitively, physically, or emotionally. Treatment for these infants and young children is complex and requires the expertise of many medical professionals working together.

## About the event

P.O.P.S.I.C.L.E. Center's Shamrock Walk & Family Picnic is a family event to increase awareness of pediatric feeding difficulties in our community and to raise much-needed funds for the P.O.P.S.I.C.L.E. Center mission. P.O.P.S.I.C.L.E. families and supporters will be walking in The Phoenix St. Patrick's Day Parade, a one-mile march down 3rd Street, alongside our very own float! Afterward, families are invited to the P.O.P.S.I.C.L.E. Family Picnic to enjoy food, bounce houses, face painting and more.

# registration form
